Welcome

Volunteers are at the heart of every program AgroHouse Foundation™ runs — from packing hygiene bags to supporting outreach events with our community partners. This guide is shared with our donors and supporters so you can see, in practical detail, how our volunteer program works day to day. If you're ever interested in volunteering yourself, this guide doubles as the same training resource we hand every new volunteer.

About AgroHouse Foundation™

AgroHouse Foundation™ exists to strengthen communities through outreach stabilization, food security, sustainable agriculture, workforce development, and future vocational housing systems that promote long-term stability, self-sufficiency, and dignity. Our current operational priority is Program 1: the Community Outreach Stabilization Program, which supports partner-led outreach through the procurement and distribution of meals, hygiene resources, hydration resources, and logistical support.

An Important Distinction

AgroHouse Foundation™ supports outreach stabilization but does not operate, supervise, or control our community partners' outreach programs, volunteers, or donations. We work alongside organizations like First Nazarene Church of Zephyrhills to strengthen — not replace — their work.

What's Inside

1. Chapter 1 — Our Mission & Core Values
2. Chapter 2 — Volunteer Roles & Responsibilities
3. Chapter 3 — Before Your First Shift

5. Chapter 5 — Hygiene Blessing Bag Assembly
6. Chapter 6 — Food & Hygiene Safety Basics
7. Chapter 7 — Interacting with Individuals We Serve
8. Chapter 8 — Working Alongside Community Partners
9. Chapter 9 — Safety & Emergency Procedures
10. Chapter 10 — Volunteer Check-In & Hours Tracking
11. Volunteer Quick-Reference Checklist

Chapter 1: Our Mission & Core Values

Every volunteer shift connects back to our mission and values. Understanding them helps you represent AgroHouse Foundation™ well and make good decisions in the moment.

Value	What It Looks Like in Practice
Stability	Showing up reliably and providing consistent, dependable support
Sustainability	Choosing practices that build long-term solutions, not just one-time fixes
Stewardship	Handling donated food, funds, and supplies responsibly and transparently
Community	Working alongside partner organizations rather than taking over their role
Opportunity	Treating every interaction as a chance to support someone's growth and stability
Dignity	Serving with respect, and honoring each person's independence and choices

Chapter 2: Volunteer Roles & Responsibilities

Volunteer roles vary by event and program need. The table below outlines common roles you may be asked to fill.

Role	Typical Responsibilities
Meal Service Support	Serving meals, maintaining a clean and organized serving station
Hydration / Coffee & Tea Station	Preparing and refilling beverage dispensers, maintaining cleanliness
Hygiene Bag Assembly	Assembling and organizing hygiene blessing bags before or during events
Logistics & Setup	Loading/unloading supplies, setting up and breaking down event stations
Inventory Support	Helping track and organize donated and procured resources
Greeter / Check-In	Welcoming individuals and helping direct them to available resources

Roles may be assigned the day of an event based on need. Flexibility and a willingness to help wherever needed are some of the most valuable things a volunteer brings.

Chapter 3: Before Your First Shift

A little preparation goes a long way toward a smooth first shift. Review this checklist before you arrive.

- Confirm the event date, time, and location with the Program Manager or event coordinator
- Wear closed-toe shoes and weather-appropriate clothing
- Bring a reusable water bottle and sun protection for outdoor events
- Arrive 10–15 minutes early for a brief orientation and role assignment
- Let the coordinator know about any dietary, physical, or scheduling considerations in advance
- Silence phone notifications during active service times, except for emergencies

Chapter 4: Meal Service & Hydration Station Guidelines

Meal and hydration stations are often the first point of contact for individuals we serve. Clean, organized, and welcoming stations make a meaningful difference.

Meal Service Guidelines

- Wash hands and, when provided, wear gloves before handling food
- Keep serving utensils separate for each food item to prevent cross-contact
- Maintain a clean, organized serving line throughout the event
- Communicate politely and clearly with each individual served
- Report any food safety concerns (spoilage, temperature issues) to the event coordinator immediately

Hydration & Coffee/Tea Station Guidelines

- Check dispenser cleanliness before setup and refill as needed throughout the event
- Keep the station area dry and free of spills to prevent slipping hazards
- Restock cups and supplies before they run low

Chapter 5: Hygiene Blessing Bag Assembly

Hygiene blessing bags are one of AgroHouse Foundation™'s core resources. Consistent, careful assembly ensures each bag meets a genuine need.

Typical Bag Contents

- Travel-size soap, shampoo, or body wash
- Toothbrush and travel-size toothpaste
- Deodorant
- Wet wipes or hand sanitizer
- Weather-appropriate item (sunscreen packet, hand warmer, etc. as available)

Assembly Guidelines

- Wash hands before handling supplies
- Check that all items are unopened and within any listed expiration dates
- Assemble bags consistently so each one contains a comparable set of items
- Store completed bags in a clean, dry area until distribution
- Report low or missing supplies to the Program Manager for reordering

Chapter 6: Food & Hygiene Safety Basics

Basic safety practices protect both volunteers and the individuals we serve. These fundamentals apply to every event.

Area	Key Practice
Handwashing	Wash hands before handling food, hygiene supplies, or after using the restroom
Food temperature	Keep hot foods hot and cold foods cold; report any items left out too long
Cross-contact	Use separate utensils and surfaces for different food items
Illness	Volunteers feeling unwell should not handle food and should notify the coordinator
Supply storage	Store food and hygiene supplies off the ground, in clean, covered containers

Chapter 7: Interacting with Individuals We Serve

How we treat people matters as much as what we provide. Every interaction should reflect dignity, respect, and genuine care.

- Greet each person warmly and make eye contact when appropriate
- Avoid making assumptions about someone's circumstances or needs
- Respect an individual's choice to decline any offered resource
- Maintain confidentiality — do not share personal details you learn about someone you served
- If someone shares a difficult personal situation, listen with compassion and refer them to the event coordinator or partner staff for further support rather than trying to solve it yourself
- Avoid political or religious debate while serving; keep the focus on the person's immediate needs

Chapter 8: Working Alongside Community Partners

AgroHouse Foundation™ volunteers often serve at events hosted by partner organizations, such as First Nazarene Church of Zephyrhills. Respecting each partner's leadership and existing procedures is essential.

- Follow the direction of the host organization's on-site leadership during their events
- Represent AgroHouse Foundation™ professionally — we are there to support, not to direct or take over
- Ask the event coordinator if you are unsure whose guidance to follow for a specific task
- Communicate any AgroHouse Foundation™-specific needs (supply counts, reporting) through the Program Manager rather than the partner's own volunteers

Chapter 9: Safety & Emergency Procedures

While most shifts are routine, it's important to know what to do if something goes wrong.

- Know the location of the nearest exit, restroom, and first aid supplies at each event site
- Report any injury, no matter how minor, to the event coordinator immediately
- In a medical emergency, call 911 first, then notify the event coordinator
- If a conflict or unsafe situation arises with an individual being served, calmly step back and alert the event coordinator or partner staff rather than intervening alone
- Keep the Program Manager's contact information accessible during your shift

Chapter 10: Volunteer Check-In & Hours Tracking

Tracking volunteer hours helps AgroHouse Foundation™ recognize contributors and supports grant applications that report on community and volunteer impact. Please check in and out at every shift.

Date	Volunteer Name	Time In	Time Out	Role / Activity

Date	Volunteer Name	Time In	Time Out	Role / Activity

Volunteer Quick-Reference Checklist

Keep this page handy as a quick reminder before and during each shift.

Before Your Shift

- Confirm event details with the coordinator
- Dress appropriately and bring water/sun protection
- Arrive early for orientation and role assignment

During Your Shift

- Wash hands before handling food or hygiene supplies
- Follow the host partner's on-site leadership
- Treat every individual served with dignity and respect
- Report safety concerns, injuries, or supply issues immediately

After Your Shift

- Check out and log your volunteer hours
- Help with breakdown and cleanup as needed
- Share any feedback or concerns with the Program Manager

Thank You

Your time and care make a real difference in the lives of the individuals and families we serve. Thank you for volunteering with AgroHouse Foundation™.

This guide provides general volunteer training information and does not replace event-specific instructions provided by the Program Manager or host partner organization.
